Japanese Patent Application No. 128363/1990

(Filing Date: May 18, 1990)

Applicant: MORINAGA MILK INDUSTRIES CO., LTD.

IWASE KOSUFUA CO., LTD.

Title of Invention: Cosmetics and External Agent for Skin

Disclosure A: (page 1, left lower column, lines 4 to 14)

“ [Claim]

[Claim 1] A cosmetic and external agent for skin which comprises hydrolysis products of milk protein having the characteristics of the followings (a) ~ (d) and/or salts thereof:

- (a) peptide mixture having molecular weight of less than 1000,**
- (b) more than 90 % by weight of aromatic amino acids being free amino acids,**
- (c) having a growth activating action to human skin cell**
- (d) being free from antigenicity of milk protein.”**

Disclosure B (page 1, right lower column, line 15 to page 1, left upper column, line 1)

“ [Field of Invention]

The present invention relates to a cosmetic and the like which comprises as effective components hydrolysis products of milk protein, in particular, a cosmetic and the like, having no antigenicity of milk protein, providing human skin cell with proliferation activity, and being effective in improving skin roughening and in giving a smooth and beautiful skin.”
